Our magazines are printed bi-monthly but with a monthly distribution. This enables us to double our exposure over the 2 months which makes us the leading A5 glossy community magazine in the area with the widest distribution of 45,000. This is something we are very proud of. 36,500 are delivered door to door and the remainder copies are available in various community locations. Feel free to ask for our Distribution Fact File for more details.
